

# *Certificate of Completion for* *Emil Valeev*

*with report*

*Web-3D Predictor: a Web Interface for High-resolution Prediction of Genome Architecture*

As a participant of the Multiconference  
“Bioinformatics of Genome Regulation and Structure/Systems Biology” –  
BGRS/SB-2020 included the following scientific events:

- **Symposium «Genomics, transcriptomics, bioinformatics»**
- **Symposium «Systems computational biology»**
- **Symposium «Genomics, bioinformatics and evolution»**
- **Symposium «Bioinformatics and systems biology of plants»**
- **Symposium «Animal Genetics and genomics»**
- **Symposium «Systems Biology and Biomedicine»**
- **Symposium «Cognitive Science and Genomics»**
- **Symposium «Systems biology of DNA repair processes and programmed cell death»**
- **Symposium «Mathematics of COVID-19»**
- **Section «Structural computational Biology»**
- **Section «Systems Biology of Aging»**

The Multiconference was held in Novosibirsk, Russia, 06-10 July 2020

Chair of the BGRS/SB-2020 Program Committee  
Academic Adviser of the Institute of Cytology and Genetics SB RAS  
Novosibirsk, Russia  
Academician Nikolay Kolchanov
